**Sub: COMMUNITY ASSISTANCE TEAM AT BDL KBU - reg.**

The recent outbreak of Covid-19 has caused widespread concern in terms of its health impact on the infected people and the disruption it has brought to the peoples' lives as well as on the economy. In the present scenario of the risk of Covid-19 local transmission, BDL Management has been monitoring the situation closely and several precautionary measures were adopted across our units to ensure the safety and health of all BDL Factory units.

As a part of this critical situation, Management is taking steps to protect the Safety and Health of our BDL Community and to ensure that we are prepared to respond to this situation as it evolves. Our CMD has also given a message that everyone and their family needs to be cautious during this difficult time and wished everyone to rise to the occasion. The Covid-19 and its impact, both physical & psychological, has been deliberated with a cross section of employees at Kanchanbagh Unit and it was decided to form a Community Assistance team with the following members:
